

Specialist of  
natural smoke  
extraction,  
ventilation  
systems and  
daylighting

---

**Natural Smoke  
ventilation systems  
can save lives**

**Evacuate**  
the persons

**Limit**  
the fire propagation

**Facilitate**  
the firefighters intervention

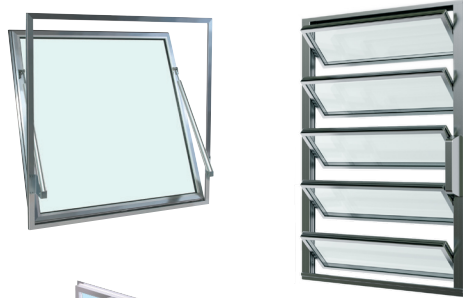

# Solutions for smoke extraction, Security

Design and production of technical equipments for **natural smoke extraction and rooms ventilation in case of fire.**

## NATURAL SMOKE VENTS

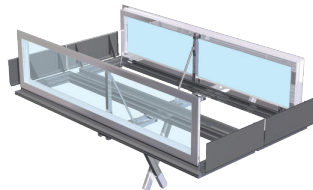

### FACADE

SHEV's for façade  
LOUVRE Windows

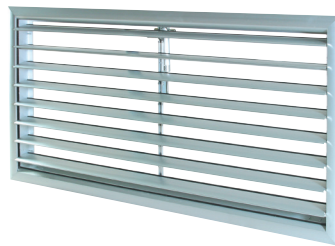

### ROOFLIGHTS

SHEV's for roof

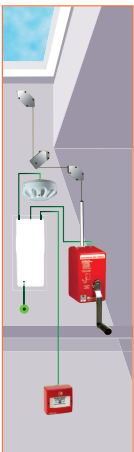

## LOUVRES FOR FRESH AIR

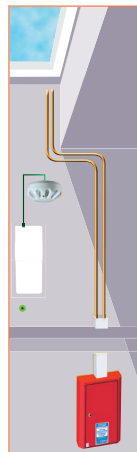

AIR LS air inlet  
JADE SHEV louvered ventilator

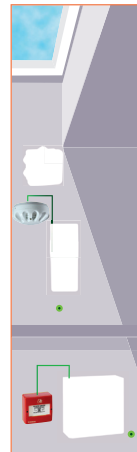

## SMOKE EXTRACTION SYSTEM KITS

MANUAL

PNEUMATIC

ELECTRICAL

## < 8 GOOD REASONS TO CHOOSE MADICOB

- > **Expertise** in smoke ventilation for more than 35 years
- > **Recognized french manufacturer**
- > **Total management** of the design and production process (ISO 9001 : 2015)
- > **Efficiency and performance** of our products
- > **Easy and convenient** set up of all the equipments
- > **Adaptation and evolution** of the products according to the markets need
- > **Technical service and R&D team** to support you in your projects
- > **CE certificated products and NF compliant**

# ventilation and natural lighting.
